

BUS GoCircular

Shaping a **Circular** **Sustainable Future**

BUS-GoCircular has developed a **European qualification framework** that focuses on **circular skills** in the **design and construction sector**. The framework contains **84 learning outcomes** that provide the skills for different **41 professional profiles** to perform **9 tasks and 71 subtasks** regarding circularity in design and construction.

This framework can be implemented nationally facilitating professional up skilling and the cross-border work in Europe.

For detailed information about the framework and access to the training material, visit the project website.
